Casket Selection

Sizes

Adult – [dimensions – 82-84Lx27-29Wx20-23D range]

Plus Size – [dimensions 87Lx32–33Wx23-24D range]

The following caskets listed are those general available. Additional options are available upon request. Unless otherwise noted, all caskets listed are standard adult size.

Minimum requirements for a casket \$885.00

The minimum requirement for a casket is the Eden #102 – Ornamented caskets or caskets with fixed interior linings, or no fixed interior lining other than a lining to prevent leakage.

For burial: The least expensive wood casket is suitable and is required by most cemeteries' by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial. A growing number of cemeteries in Ontario offer "green" burials, which may consist of interment of a body without a casket. Since there is no legal definition for a "green" burial, it varies from one cemetery to another. For more information, please speak with one of our funeral directors, or visit www.greenburialcanada.ca

For cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material or

chlorinated or fibre-reinforced plastic, other than incidental metal cannot be used for cremation. We offer a selection of inexpensive caskets below that are suitable for cremation.

Payment, Financing & Funding

For Services at Time of Death

Payment is due within 15 days of signing the contract, beyond which interest will be charged at a rate of 2% per month. Payment may be made by cash, cheque, credit card, and e-transfer. Payment plans are also available to meet most budgets. Financing charges apply to payment plans.

Financial assistance for funeral, burial and cremation services is available through various government agencies, to those who qualify.

Pre-Payment in Advance of Need

For services that are being arranged per-need, we offer two funding options when prepaying services or supplies:

Trust – You pay for the services and supplies at today's price and we will place your money in a trust account where it will accrue interest until the prepaid contract is fulfilled (when the services or supplies are delivered). Pre-payment can be made by cheque or credit card. Funds are held in the purchaser's name.

Insurance – You may purchase insurance or annuity through us, where the proceeds of the insurance/annuity policy will be used to pay for services or supplies at the time they are delivered. Payment may be made by credit card or cheque for single payments. Time payment plans may be made by credit card or pre-authorized chequing. The policy is held in your name and assigned to the funeral home. Terms and conditions and cancellation policies are set by the Insurance Company.

Guarantee – When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest/growth earned will be applied to the future price of services and supplies. If the total payment(s) plus interest/growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds in excess of the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Additional information about payment, financing and funding options is available upon request.
